**MAYOR**

Political Advertisement Paid For And Approved By Stephen Witt For Mayor

I am, Stephen M. Witt, Mayor of the City of Lake City. I was elected May, 2005 and would like to continue the progress we have made in the past three years. Since being elected Mayor, we have improved our police and fire protection, finished our state of the art water treatment plant, began construction of the expansion of our wastewater treatment facilities, with advanced wastewater treatment and reuse water. Additionally, since taking office, we have begun a downtown redevelopment committee and housing committee. These projects will provide better services for our community, as well as controlled growth and affordable housing. I support protection of our Ichetucknee basin and springs. During my term, numerous businesses have started, providing jobs for our community.

I was born in Lake City, in 1951 and went on to complete my education at the University of Florida, graduating with a degree in accounting and law, after which I returned to Lake city and began my own practice in the field of law. I have been active in social and community activities and held positions of leadership. I have served on the Planning and Zoning Board for the City and served as its chairman for 13 years. I am a Supreme Court certified mediator in family law. I have enjoyed living and raising my family in our community. Lake City is a great place to live and has tremendous potential for growth. To face the future and its issues our city needs strong leadership.

My wife, Jodi and I have four children and five grandchildren. I am of the Baptist faith and attend Hopeful Baptist Church. With our children as our future, we should strive to have a better place to raise them, but we should also work to preserve our past and the character of our town. I want to give back to my community, which has given so much to us.
