MEMORANDUM

TO: WWTF PERMITTEE AND OPERATOR
FROM: FDEP – NORTHEAST DISTRICT
SUBJECT: ELECTRONIC DISCHARGE MONITORING REPORT
DATE: NOVEMBER 2, 2012

Attached is the hard copy Discharge Monitoring Report (DMR) for your facility. However as part of the Department's ongoing efforts to improve business processes, we have been working with members of the regulated community to provide new and more efficient paperless alternatives for environmental reporting by utilizing electronic submittal via the internet.

The Department's web-enabled electronic DMR (eDMR) system offers the advantage of less process for the regulated community. By offering several streamlined reporting options, the system offers significant labor savings for both the Department and the regulated community. Most importantly, while saving these costs, the system also increases timeliness.

All wastewater facilities should strongly consider participating in eDMR. Most wastewater facilities are required to submit to the Department a monthly DMR which typically summarizes effluent quality or groundwater monitoring well results. eDMR simply provides an alternative way for facilities to submit these wastewater reports. Using an electronic process for submitting reports can represent significant labor savings while greatly increasing the data entry efficiency, accuracy, and overall reliability of this information.

Some of the benefits of eDMRs and the eDMR System include:

- Save wastewater discharge facilities compliance costs with a streamlined reporting method and readily available computer tools,
- Save program costs by reducing resources required for managing paper-based DMRs,
- Improve accuracy of compliance data by eliminating potential errors that might otherwise be introduced through manual data entry in the database, and
- Improve the DEP wastewater program's overall effectiveness with faster responses to data analyses, compliance assessment, and decision-making.

To sign-up for eDMR, please contact the eDMR administrator in Tallahassee by phone at (850) 245-8567 or by email at edmradmin@dep.state.fl.us

Thank you in advance for your participation.
