The purpose of addendum #3 is to clarify the answer on Addendum #1.

Statement 1: If you (the City) want the open bucket pocket which is stated on the addendum #1 question 7 you will need to have the open boom well at the rear of the trailer otherwise it will not work.

Response: Delete the answer for “Question 7” on Addendum #1 and refer to the original specifications. No bucket pocket is needed. Specification listed as “Flush across rear deck front load ramps” still applies.
