

**ADDENDUM #2**  
**TO**  
**SPECIFICATION AND CONTRACT DOCUMENTS**

**May 28, 2014**

TO: ALL PLAN HOLDERS

FOR: ITB-021-2014  
Metal Roof Overlay – Sprayfield Pole Barn

This addendum sets forth changes and/or additional information as referenced and is hereby made a part of and should be attached to the subject Specifications and Contract Documents.

**Contractor must acknowledge receipt of all addenda with bid proposal on the form provided herein.**

The purpose of addenda #2 is to answer written questions received to date.

Question 1: On addendum #1 scope of work you added paragraph #6. The roof pitch shall be 4:12 are we changing the original roof pitch or is this the original roof pitch 4:12?

**Answer: No. This is the existing pitch, this is what the pole barn plans show.**

Question 2: In the Scope of work, paragraph #3 states install metal to cover plywood on both gable ends. Can you explain?

**Answer: If the plywood is not rotten on the gable end, do not replace, but still overlay with metal.**

Question 3: Scope of work, paragraph #4 states 29 gauge galvanized roof panels can you specify what kind of panel? Is there a specific panel design you want?

**Answer: No, this was an educated guess for materials. No we do not have any specific panel design in mind.**

Question 4: Scope of work, paragraph #5 states metal on the east gable end to extend 8 feet from the peak. Can you explain?

**Answer: Directly under the east gable end metal panels or panel will need to be installed from post to post at a total height of 8' down from the top to block the morning to noon sun. This is to allow operators to see the computer screen shown in photos.**

Question 5: Is this roof an existing shingle roof? If so are we stripping down to the plywood?

Answer: Yes. No, unless there is rotten plywood beneath any area of the existing roof but you will need to replace the plywood that is rotten.

Question 6: Is there any way that you can e-mail the pictures of this roof?

Answer: Photos are attached
