**THIS FORM MUST BE INCLUDED SUBMITTAL**

1. You are asking in attachment B, Price Form for Manual, Semi-automated and Fully Automated. In a previous question in addendum 2 attachment B Price Form the city states that carts had to be provided under manual and all options. There can only be the semi-automated and automated service that prices can be provided. **The manual option needs to be eliminated.**  
**Pricing is needed for manual, semi-automated and fully automated.**
2. Under the Pricing Form Commercial services can **a rate per cubic yard of capacity** be added under frontload container dumpster. **No.** This is same language that is under the existing price sheet with Republic. **One pick-up per week should be eliminated.**  
**Price form will remain as issued in addendum 2.**
3. Under the Price Form are all rates to be noted except per yard charge on front load to be monthly rates to charge. **Yes.**
4. Pricing Form Commercial Services **one pick up per week** should be added under curbside/roadside pickup 96 gallon cart.  
**“One pick up per week” applies to both.**
5. There is no definition of special waste in the existing contract with Republic can the city provide a definition?  
**Section I.A. on page three of the solicitation defines special waste.**
6. Are all multiple family dwelling units with carts billed by the city? **No.**
7. The city posted on website the 2012 commercial container list. Under qty is this the number of containers? Under frequency we do not understand the number of days pickup by container size? For example we need to know the number of two 2 yards pickup, one time three times, four times, five times, six times, the same for 4, 6, and 8 yard containers. **Please see legend on commercial container list.**
